Certificate of Occupancy Inspections are performed by the City's inspection service provider, Bureau Veritas. When you are ready for the inspection to be performed, call 1-877-837-8775, the inspector will perform the inspection the next business day. The inspector is inspecting for compliance to Building Codes specifically looking for immediate threats to health and safety, which will be cause for failing the inspection. If no such threats are noted a conditional 'Certificate of Occupancy' will be issued by the inspector until the Fire Marshal can be scheduled to conduct a Fire Inspection. Upon successful completion of the Fire Inspection a final 'Certificate of Occupancy' will be issued. Business may be conducted under a conditional certificate. Business may not be conducted if an inspection is failed, until the failed items are corrected, reinspected, and a certificate (conditional or final) is issued.

I hereby certify that I have read and examined this application and know the same to be true and correct. All provisions of laws and ordinances governing this type of work will be complied with whether specified or not. The granting of a permit does not presume to give authority to violate or cancel the provisions of any other state or local law regulating the conduct of a business or use of property.
